Certifications

The Greenguard Environmental Institute is an industry-independent organization that aims to protect human health and improve quality of life by enhancing indoor air quality and reducing people's exposure to chemicals and other pollutants.

Oeko-Tex Standard 100 or Oeko-Tex Standard 100 is an independent testing and certification system for textile products from all stages of production along the textile value chain.

Fire Reaction Certificate

In the case of draperies, curtain, and similar hanging textiles, the standard that applies is NFPA 701: Standard methods of fire tests for flame propagation of textiles and films this test measures the flammability of a fabric when it is exposed to specific sources of ignition.
